

Interactyx Limited Partners with eLearning for Business Provider Total Training Solutions

 **BONITA SPRINGS, FL—June 15, 2010—**Interactyx Limited is pleased to announce a strategic business relationship with **Total Training Solutions, Inc.** who will now offer TOPYX® as an affordable eLearning solution to support their professional training and education delivery consultancy.

Total Training Solutions is a customized training development consulting company that specializes in helping organizations meet their training objectives through the development of state-of-the-art customized training programs for new applications, services, skills, and products. Interactyx Limited is the award winning developer of TOPYX, an affordable social **eLearning software** as a service (SaaS) solution with integrated social learning, mobile learning and eCommerce functionality fulfilling the changing eLearning, training and collaboration needs for businesses of all sizes.

“Our relationship will allow for TOPYX to be incorporated as a foundation into social eLearning and training solutions so that companies will be able to create better collaborative and engaging learning environments,” stated Alfred R. Novas, Chief Executive Officer of Interactyx Limited. “Also, TOPYX customers who need additional assistance with the development of their education programs can receive professional assistance with a partner fully familiar with all of the available features and functionality of TOPYX. The great people at Total Training Solutions are dedicated to helping clients reach their goals and we look forward to a long-term relationship with them.”

Marilyn Harris, President, Total Training Solutions, stated, “As an eLearning design and development provider, we are delighted to have the opportunity to partner with Interactyx as a strategic consulting partner to support the TOPYX eLearning platform. This partnership allows us to offer a cost effective learning system with integrated social learning tools to meet our client needs while providing opportunities to support the training and learning needs of TOPYX growing client base.”

TOPYX has gained acceptance as the affordable, easy-to-use **corporate eLearning** technology that combines traditional learning management system functionality with integrated social learning and eCommerce tools, all-in-one user-friendly, feature-rich Software as a Service (SaaS) application. The result is a collaborative, engaging learning experience for users, whenever they wish and wherever they may be.
